God Uses Ordinary People

God has no limits and He does great things using ordinary people like you and me to do things that do not make sense. He believes in transition. God is looking for people who are willing to go from glory to glory no matter what the cost because with every promise there is always a price. It may not be easy but God is using ordinary people like us.

May God Continue to Bless Our Family and Friends

Merger News

Merger Process

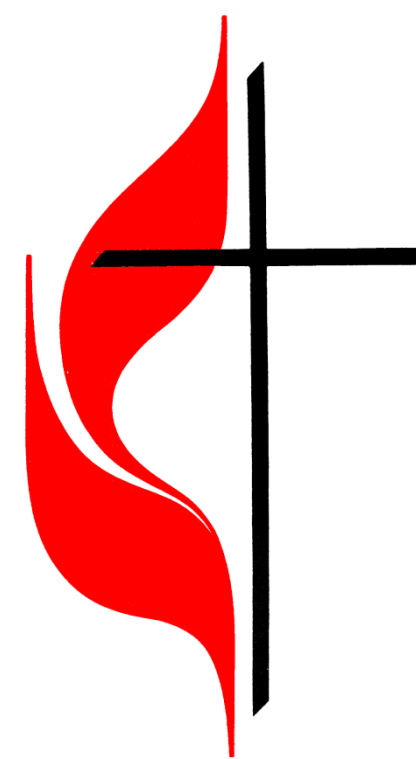

We are fully committed to engaging, listening, conversing and sharing the vision of the merger in a compelling way. We will provide opportunities for input, participation and decision-making. We will give timely communication during the merger process. While we do not have all of the answers today, we promise to put our trust in Christ in realizing His vision for our church in His time.

Please reach out and talk with us. We are ready to listen!
