**Pastor

**Pastor

Our mission: To welcome, disciple, and equip all persons who the Lord brings under our care in order to build a unified and diverse community where in persons are continually growing in their relationship with Christ and each other.

Our Leadership Strategy:

- We will lead by example showing the potential and power of **unity!**
- We will **care** for each other and all in the congregation through: prayer, visitation, support, insight, and accountability.
- We will each **serve** out of our **particular call** and **giftedness** and invite each in the congregation to serve out of their call and giftedness!
- We will each **lead** particular ministries in the church. In each area we will identify, train, and support spiritual leaders to lead ministries.
- We will intentionally **reach out** to those beyond the church in witness and service.
